CARE & MAINTENANCE. SOIN ET ENTRETIEN. CUIDADO Y MANTENIMIENTO.

In order to keep the cushions in good conditions, they have to be tidied up and aired frequently, shaking the material inside, which by doing so will distribute and adapt itself uniformly.

It's recommended whenever possible, to change the position of the seat and back cushions, inverting the most used ones with the other ones less used. Cushions with goose-down padding must be "shaken-up" periodically, gently beating them with your hands and leaving them in the open air in such a way as to evenly settle the padding and to avoid flattening and creases.

Because leathers are fairly delicate, we recommend not setting drinking glasses or objects directly on the table, but instead use the optional marble tray.

Due to the size of the seats, surface wrinkling may occur. This effect is completely normal, and can be removed by gently stroking the seating surface towards the edges of the seat.

Pour assurer un bon entretien, les coussins doivent être manipulés et exposés en plein air fréquemment, pour causée le secouement du matériaux que sous ces action reprends volume et s'assouplissent uniformément.

Ou possible faire alterner la position des coussins d'assise et de dossier en intervenant les plus utilisés avec les mois. Les coussins rembourrés en duvet d'oie doivent être manipulés périodiquement entre les mains et exposés à l'air afin que le rembourrage "reprenne du volume". Vous éviterez de la sorte la formation de plis et les coussins ne deviendront pas mous.

Étant donné la délicatesse des cuirs, il est conseillé de ne pas poser de verres ni d'objets directement sur le table mais d'utiliser le plateau en marbre en option.

En raison de la taille des sièges, des plis superficiels peuvent apparaître. Cet effet est tout à fait normal et peut être éliminé en caressant doucement la surface du siège vers les bords du siège.

Para asegurar un correcto mantenimiento, es necesario reacomodar y ventilar los cojines con regularidad sacudiéndolos para que el material interno adquiera aire y se distribuya de modo uniforme.

Cuando es posible, alternar las posiciones de los cojines del asiento y el respaldo, invirtiendo la posición de los que se utilizan más y los que se utilizan menos. Los cojines con relleno de pluma deben ser mullidos periódicamente, golpeándolos suavemente con la mano para recomponer uniformemente el relleno y evitar los aplastamientos y las arrugas.

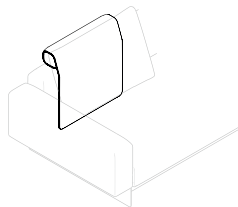

Dada la delicadeza de la piel, se aconseja no apoyar vasos u otros objetos sobre la mesa, y utilizar la bandeja en mármol en su lugar.

Debido a la dimensión de los asientos, pueden generarse arrugas en la superficie. Este efecto es totalmente normal, y puede desaparecer acariciando suavemente la superficie de asiento, desplazando el tejido hacia los extremos del asiento.

GENERAL CONDITIONS. CONDITIONS GÉNÉRALES. CONDICIONES GENERALES.

These general conditions of sale apply in full to any order sent by the Buyer to JOQUER (hereinafter our Company) and its shipment implies their full and unreserved acceptance, even if they are not signed by the Buyer. The price is expressed in Euros, RRP, taxes not included. The corresponding trade discount will be applied to these prices. Joquer reserves the right to modify prices.

ORDERS.

Only orders received in writing will be accepted, which must include the model, number of seats, fabric, colour and specific finish of the legs if there are alternatives. For orders of modular programmes, please accompany these with a small sketch. We will consider that the position of the arm is always seen from the front. The sales contract will be considered concluded and binding for both parties when the Order Confirmation is sent to the Buyer. The Order Confirmation shows the conditions of sale, and the items and quantities that will be served. It replaces the Buyer's Order. Changes to the order and/or cancellations will only be accepted within 3 days after the order confirmation date. In the event that the customer cancels an order that is already in production, Joquer has the right to claim a minimum of 20% of the total value of the order as compensation, reserving the right to file a claim if it is proven that the damages are greater. Under no circumstances may orders be cancelled when the shipment has already been made. Modifications to the finishes of the pieces after they have been received (changes in fillings, changes in legs, etc.) will be invoiced separately.

PAYMENT CONDITIONS.

According to previously established commercial conditions. In the event that the customer delays payments more than is admissible or in the event that justified doubts arise regarding their solvency, Joquer will have the right to suspend the execution of the supplies in progress, cancel the contracts with the right to compensation for damages suffered or demand payment in advance. Claims regarding merchandise must be processed using the enabled methods. The customer is not entitled to withhold payment of invoices or make deductions on their own initiative. For custom product orders, Joquer does not accept any responsibility for these towards the customer or third parties. The characteristics of these products correspond to an express request of the customer and have not been subjected to the ordinary controls of the company. The order will not be put into production until the signed confirmation and the agreed down payment have been received. By accepting the order confirmation, the customer acknowledges that this is a special order. Consequently, it exonerates Joquer from any responsibility, since the production will be carried out according to the customer's order and may not coincide with the measurements, shapes or finishes shown in the Joquer general catalogue at the time of the order. The customer will indemnify Joquer

against any third-party claim for this reason.

CUSTOMER FABRIC ORDERS.

All models can be made in Fabric or Customer Leather, with prior approval from Joquer. The quantity required is included in the price list. It always refers to the plain fabric, 140 cm wide. In any other case, always consult with the factory. In the case of Customer Leather, to calculate the necessary m², the customer must multiply the metres that appear in the price list by 1.7. The fabrics and leathers received must include instructions for use, with the application side indicated, plus any other requirements. The reference and order number and the product that corresponds to each fabric must be clearly indicated. The fabrics must arrive with the postage paid, free of any additional charge. Any expenses paid by Joquer will be charged to the invoice.

ATELIER SERVICE.

Joquer offers the possibility of making custom changes to its models as required by its customers, considering any modification as a special request. Modifications that involve variations in the structure, seat and/or back cushions of the model will increase the price by 20%. Modifications that involve variations in the arms, legs and seat and/or back cushions will increase the price by 10%. Modifications that imply variations in bed measurements will have a minimum price increase of 10%. Any modification must be confirmed by Joquer and the price quotation accepted in order to put it into production.

TRANSPORT.

Our merchandise will be sent with freight costs paid in the Peninsula and the Balearic Islands. Orders that do not exceed €600 will be charged a supplement of €30. If any transport means means other than the usual methods are requested, the merchandise will be sent with unpaid freight costs and under the responsibility of the customer. Joquer will only assume transportation to the commercial address or warehouse of its distributor. Deliveries to addresses other than the usual address of the customer must be previously consulted with the commercial department. If the shipment can be sent, it will be invoiced separately. The merchandise may remain in our warehouse for a maximum of 15 days without charge, but if it is not withdrawn within that time, storage costs of the merchandise of up to 0.6% per week will be assumed by the Buyer. The presence of the uncollected merchandise is understood as necessary storage and therefore excludes any liability of our Company for damages and defects that the merchandise may present. Except in the case of fraud or negligence by our Company, Joquer reserves the right to make partial shipments, after consultation with the customer. Joquer must be notified of any incident produced during transport (damage, stains, etc.) within a maximum of 72 hours after receipt. It is the

customer's responsibility to check the quantity and integrity of the merchandise received. If any anomaly is seen, the transporter must be notified, with a copy to Joquer, attaching the claim and corresponding graphic documentation. Special packaging can always be made upon request and after the acceptance of the price quote.

WARRANTY.

Joquer guarantees the quality of the product throughout its manufacturing process and all its components as long as they are used for their specific purpose. Defects caused by negligence, knocks, inadequate cleaning products or changes in climate are not covered, nor are changes caused by environmental causes. The company declines any responsibility for damages resulting from misuse or improper treatment of the products, only accepting returns for manufacturing defects. This warranty applies to material and production errors that may occur with normal use and not to those that occur over time as a result of normal use (wear and tear). Aspects not covered by this warranty are, but are not restricted to, changes in colour, changes in wood textures, scratches during use, damage resulting from incorrect maintenance or use. The warranty does not cover, for example, discolouration of the covers, scratches, bumps and/or cracks in the varnish resulting from their use. It will be the Buyer's responsibility to provide our company with proof of correct use. The buyer must check the conformity of the merchandise and the absence of defects at the time of delivery. Claims must be made in writing within 7 days after receipt of the goods or in case of hidden defect, from its discovery. The products have a 2-year warranty from the date of purchase. Joquer declines all responsibility related to the quality of the fabrics sent by the customer. No liability will be accepted for accidental damage to people or things as a result of improper use of the product. Misuse, modifications or third-party repairs lead to the loss of the warranty.

COMPETENCES.

In the event of litigation, the jurisdiction and competence of the Courts of Barcelona will be expressly accepted.

La Confirmation de commande indique les conditions de vente, ainsi que les articles et les quantités qui seront fournis, et remplace la Commande de l'Acheteur. Les modifications de la commande et les annulations ne seront acceptées que dans les 3 jours suivant la date de confirmation de la commande. Dans le cas où le client annulerait une commande déjà en production, Joquer aura le droit de réclamer un minimum de 20 % de la valeur totale de la commande à titre d'indemnisation, se réservant le droit de réclamer s'il est démontré que les dommages sont plus importants. Dans le cas où le client retarderait les paiements au-delà de ce qui est raisonnablement admissible ou que des doutes justifiés sont soulevés quant à sa solvabilité, Joquer aura le droit de suspendre l'exécution des fournitures en cours, d'annuler les contrats avec possibilité d'indemnisation pour les dommages subis ou d'exiger le paiement à l'avance. Les réclamations concernant la marchandise doivent s'effectuer en utilisant les méthodes prévues à cet effet. Le client n'a pas le droit de retenir le paiement des factures ou de procéder à des déductions de sa propre initiative. Pour les commandes de produits sur mesure, Joquer décline toute responsabilité à cet égard envers le client ou des tiers. Les caractéristiques de ces produits correspondent à une demande expresse du client et n'ont pas été soumises aux contrôles ordinaires de la Société. La commande ne sera mise en production qu'après réception de la confirmation signée et de l'acompte convenu. En acceptant la confirmation de commande, le client reconnaît qu'il s'agit d'une commande particulière. Par conséquent,

Joquer est exonéré de toute responsabilité, étant donné que la production sera réalisée conformément à la commande du client et pourrait ne pas coïncider avec les dimensions, formes ou finitions indiquées dans le catalogue général Joquer au moment de la commande. Toute modification doit être confirmée par Joquer et son budget accepté pour la mettre en production.
